Kitchen has been completely remodeled. All appliances are included.

Living room features great built-in storage. Plenty of space for all your books, games, movies, and knick knacks.

Door in the dining area leads to the screened and open porch.

Huge master suite features soaring ceilings, hardwood flooring, numerous windows, and French doors leading to the balcony.

Master bath is sleek and clean with an oversized shower.

Walk through office features tons of storage and is the perfect place to surf the net. Catch up on the morning news while enjoying a cup of Joe and the flowering views.

The highlight of this home is the wonderful wraparound porch and the stunning view.

This is the perfect place for get-togethers with friends and family, meals during the warmer months, or curling up with a good book.
