Cathedral ceilings, skylights, and a cozy gas log fireplace give the living room a distinctive touch.

Custom built with retirement in mind, the 1st floor is handicap accessible. No more cleaning blinds ... top of the line tilt in windows have blinds between the glass!

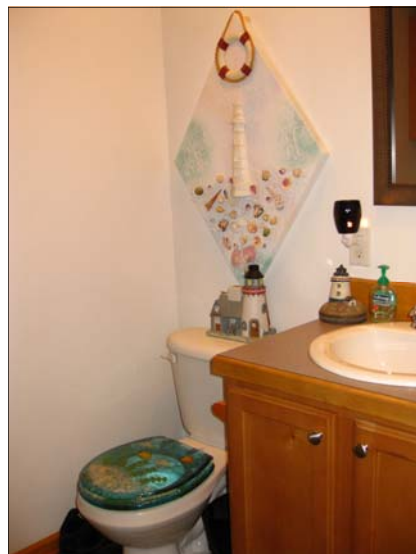

Well designed kitchen with center island and formal dining room has easy access to the covered porch. Lovely maple cabinets, hardwood floors and a snack bar are just a few of the special features you will love.

The master suite, 2 additional bedrooms, and the laundry room are conveniently placed on the main floor.

The master bath features a soaking tub which is accented with gorgeous tumble stone tile work. A perfect place to relax!

The additional bedrooms are great for the kids, can be used as guest rooms, an office, or a den ... whatever fits your particular needs!

Follow the stairs up to the 2nd floor where you will find another spacious room which can be used for whatever you need it to be!

More possibilities on the walk out lower level ... an ideal place for the kids to play, extra storage, or to make into a recreation room.

Finished this area and add over 1,700 more square feet of living space.

An attractive design from any angle, this home is well worth your attention. With two huge covered porches, you will have enough room for everyone as you enjoy a summer barbecue with family and friends.

The handy storage shed is essential for storing extra toys and yard equipment.
