Nice flowing floor plan with a lovely main floor living room and fireplace, bright kitchen and spacious dining area with attractive wood floors.

A fantastic upper level master suite boasts soaring ceilings, gorgeous fireplace, and private balcony with amazing views from every angle.

Kick back and enjoy the relaxing sounds of a crackling fire in the lovely fireplace during the colder months. Or step out on the deck and listen to the birds as you have a cup of coffee.

You will never want to leave this wooded paradise!

The walkout lower level boasts two additional bedrooms, a full bath plus a huge L-Shaped living room. Offering enough room and privacy for all your family and friends.

Of course, there are more great views of the woods and wildlife for your enjoyment.

Enjoy an evening relaxing in the hot tub on the large screened porch or a candlelight dinner with nature as the music to your eyes.

Nature and wildlife everywhere with wild birds, roaming deer and swimming waterfowl.
