Open floor plan flows from the living room with fireplace & custom built-ins to the four season room with views of nature out every window.

Space galore! 2,950 sqft of finished living area. Decorated with class and very well cared for.

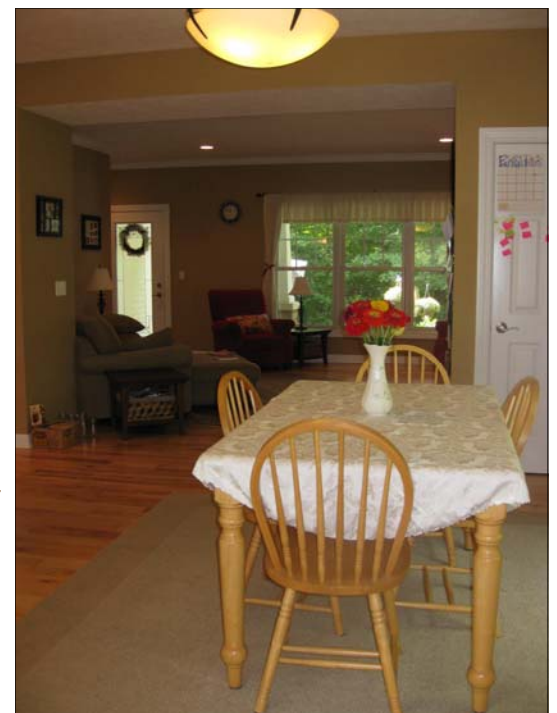

Sliders off the sun room lead to a deck.

Enjoy great family moments together in the modern kitchen and dining area. Top of the line appliances, a granite snack bar, and beautiful cabinets are just a few of the fine touches.

You'll find custom detail everywhere from maple hardwood floors to crown molding and 9 foot ceilings.

Master suite on the main level features a large double window, ample closet space, two sinks, and a glass walk-in shower.

Two large bedrooms on the upper level are bright and spacious.

Huge full bathroom on the upper level features a separate shower/toilet area, large mirrors, and a vanity area.

Spread out in the HUGE finished lower level.

Great for a den, family room, playroom, craft room or what ever your heart's desire.

This space is ideal for family get-togethers and holiday parties.

Beautiful yard is surrounded by mature trees for privacy. This setting is a get away in itself!
